The Dragons Eye ~ A Dragon Summoning Spell

The Symbolic attributes of The Dragon which it will be necessary to utilize for the CALLING, are listed as follows:

Weapon = SWORD

Planet = MARS

Element = FIRE

Incense = DRAGONS BLOOD

Metal = GOLD (IRON may be substituted)

Number = 2

Symbol = DRAGONS EYE

Now, to CALL THE DRAGON according to the formula found in the Book of Pheryllt, execute the following steps:

- 1) Choose a secluded clearing outdoors, preferably high on a hill or mountaintop (such high places are sacred to the Dragon).
- 2) Cast a circle of 12 stones, using your own height as a diameter. Spread iron or gold filings lightly within. (Remember if you can't find something from the spell, symbolism works well in a pinch too!)
- 3) With THE SWORD (or symbolic representation thereof), etch the DRAGONS EYE symbol onto the ground within the circle. The site is now ready for use.
- 4) At DAWN or HIGH NOON or DUSK (the three Threshold Times sacred to the Dragon), enter the circle and burn DRAGON'S BLOOD resin upon coals you kindle therein.
- 5) When ready, stand in the very center of the Dragon's Eye and hold the SWORD with both hands high over head – point downward.
- 6) THRICE intone, with a voice loud and powerful, the GRAND EVOCATION OF THE DRAGON: “Cum saxum saxorum In duerssum montum oparum da, In aetibulum In quimatam – DRACONIS!”
- 7) PLUNGE the sword deep into the earth where lies the Dragon eye (AKA putting the sword into the stone) in one swift motion.
- 8) BE SEATED in the center of the EYE, legs crossed around the sword.
- 9) Close your eyes and await the coming of the Dragon.

(Its presence may become known in numerous ways & states. To BANISH the Dragon-presence, simply remove the sword from the earth. WARNING: do not depart the protective circle, until the “sword has been removed from the stone”)
